OSC 2022 Annual Spring Conference

It is with great pleasure that the Ontario Society of Chiropodists formally invites you to participate in our annual conference in Markham(Toronto).

The Ontario Society of Chiropodists is the only provincial professional association representing Chiropodists - the largest number of foot specialists in Ontario. We are dedicated to enhancing the profession and increasing awareness among Ontarians about the importance of great foot health care!

The OSC gives Ontario Chiropodists a united front and a strong professional voice for stakeholders; including government, the College of Chiropodists of Ontario, insurance companies, other health care professions, and the general public. This Conference promotes the highest professional standards and attempts to further the profession through educational development.

Chiropodists are primary care practitioners of podiatric medicine who specialize in the assessment, management, treatment and prevention of diseases and disorders of the foot. Chiropodists provide over a million patient care visits per year which keeps Ontarians mobile, active and independent. We are also business owners who spend tens of thousands of dollars each year in equipment, supplies and services.

We thank you for your support!
